Delightfully Unexpected

Touch down at Luxivair SBD, and prepare to be impressed. Experience all the reassuring amenities of a five-star hotel, accompanied by personal services that are simply beyond compare. Our sophisticated facilities include everything you need to refuel and revive for the next leg of your journey, or to conduct business while away from your office.

Well-situated to Los Angeles and Palm Springs, Luxivair SBD accommodates passengers of private aircraft with an unparalleled mix of elegance and efficiency. Consider Luxivair SBD your new approach to Southern California.

Uncrowded Convenience

International flights can ease into Southern California through uncongested airspace by landing directly at Luxivair SBD. Upon arrival, you will discover how quickly passengers can be expedited through US Customs by efficient and friendly onsite personnel.

Luxivair SBD at San Bernardino International Airport is a port of entry that can bypass traditional border airports. With an approved Overflight Exemption from US Customs and Border Protection, general aviation and business travelers will appreciate what is clearly the swiftest, most convenient way to enter Southern California.

Your journey to Southern California just got easier. Efficient onsite officers ensure passengers, crew, and cargo spend minimal time clearing immigration and customs.

You'll feel the difference from the moment you touch down.
You'll feel welcomed, at ease—even valued.
You won't want to leave...but you know you'll return.

A Destination In Itself

Luxivair SBD celebrates Southern California's famed sunny skies. With floor-to-ceiling windows and gleaming travertine floors, our stunning and airy lobby is designed with both relaxation and business in mind. An elegant outdoor terrace affords a scenic view of the surrounding mountains.

Exceeding Your Expectations

We start with simple touches, like offering complimentary refreshments that are actually fresh, free WiFi and convenient options for ground transportation—hotel shuttles, onsite rental cars or a private luxury vehicle.

Then we put the leisure back in travel. Enjoy “wow” amenities like a private movie theater with stadium seating, use our exercise room, revive yourself in marble restrooms with showers and private changing areas, and allow our exclusive concierge service to shorten your “to do” list so you can focus instead on your “I want to do” list.

Is this an FBO or a luxury hotel? Relax, retreat, rejuvenate, and enjoy how Luxivair SBD redefines the airport experience.

Helping You Do Business Is Our Pleasure

Luxivair SBD is Southern California's destination of choice for executives on the go. Let our business center serve as your mobile office, so you stay charged and keep connected throughout your trip.

You'll make a great impression with clients who meet you at Luxivair SBD—book our conference room for invaluable in-person meetings, or presentations to introduce your newest products and services. Need help with the planning? It is our pleasure to manage everything from delivering your clients here by limo, to catering a gourmet meal.

Nonstop Privileges for Pilots

First things first: You won't find a better-appointed pilots-only facility anywhere.

Want to rest or unwind? Relax in our pilots' lounge, take a nap in the snooze room, work out in the exercise room, catch a movie in the theater or borrow a courtesy car to go into town.

And, to prepare to take to the skies again, you'll find everything you need in our flight planning and weather-briefing room.

Aircraft Services

Your private plane may not need a 10,000-foot runway, but Luxivair SBD has one—what other way to welcome the biggest and best aircraft in the world? Traveling onward? Our skilled and efficient ground support staff ensure a quick turnaround.

Luxivair SBD offers competitive pricing on everything you need to keep your aircraft operating at peak performance, including:

- Full-service fueling
- Ramp-side vehicle access
- Complete baggage handling
- Full cargo handling
- Aircraft towing and positioning
- Lavatory, water, and oxygen services
- Ground power units

We provide
all the creature
comforts for the
most frequent of
fliers—pilots.
